

# Child & Family Taste of Newport

Sample Cover for Taste of Newport Cookbook '08

**Taste of Newport** is truly one of the best examples of our community coming together to support a social service agency, which in turn supports those most in need in Newport County and beyond.

In order to mark the 25th year of Taste, and as a way of thanking the restaurants, caterers, confectionaries, and bakeries that have played such an important role in its success over the years, Child & Family has commissioned the production of a high-end, 200+ page Taste of Newport Cookbook. This important and very timely project will feature two recipes from each restaurant participating in the 25th annual Taste of Newport, and will showcase those restaurants as well.

We see the production of the Taste of Newport Cookbook as a way to spread the word about Child & Family, Taste of Newport, and the incredible culinary choices to be had in Newport County and beyond. The book will be printed and ready for distribution by November 9, 2008, which is the scheduled date for the 25th annual Taste of Newport. Proceeds from the sale of this book will benefit Child & Family.
